

Wessex Capacity Programme

Thursday 29th March 2018, 6pm

ICE | One Great George Street | London | SW1P 3AA

“The Wessex Capacity programme is the largest improvement to the Network in 3 decades. The Wessex capacity alliance consists of Network Rail, Skanska, Colas, Mott MacDonald and AECOM delivering a variety of projects that form the Wessex Capacity programme. Works include lengthening of platforms 1-4 at Waterloo, congestion relief at Vauxhall and bringing the old Waterloo International Terminal back into use for domestic services.

The presentation will provide an overview of how to construct a high performing collaborative team to deliver these works.”

Speaker

Tim Ryall, *Skanska Lead – Wessex Capacity Alliance*

Event Registration:

If you would like to attend please use the following link to reserve your place:
